Section 1

AIPH Objective and Role

The AIPH objective for international horticultural exhibitions (Expos) is to promote the products of the horticultural industry to the general public, businesses and governments and to increase global appreciation for horticulture in terms of its benefits to individuals and societies.

The role of AIPH is to ensure expos are successful through a defined approval and monitoring process and through regulating the number of permitted expos.

Successful expos will:

- Stimulate the increased use of plants to improve the health and wellbeing of society, the enhancement of the environment and the strengthening of economies.
- Clearly demonstrate society's need for horticulture and the role it plays in linking people with their environment.
- Bring together horticultural excellence from different countries to promote the best knowledge and practice from all over the world and to celebrate cultural and horticultural diversity.
- Promote productivity and international co-operation in professional horticulture

Section 4 Application Process

Application for AIPH recognition must be supported by a Full Member organization of AIPH in the country where the exhibition will be held.

In the case of a country where there is no Full Member of AIPH an application can be submitted without the support of a Full Member of AIPH but the financial guarantee will be increased by 100% and AIPH may require further investigative work which will be at the cost of the applicant.

A1 Expo applications should also have the documented support of the national government.

The application must be submitted to the Secretariat General of AIPH at least 6 weeks prior to the next AIPH Marketing & Exhibitions Committee and General Meeting. The Secretariat General reserves the right not to put forward for approval any application received later than this.

An application will consist of the following documents:

- AIPH questionnaire
- Feasibility study
- AIPH Site inspection report
- Formal letter of support from the AIPH member (if applicable)
- Formal letter of support from the host city/region (for B)
- Formal letter requesting approval from the organization or authority making the application. This should be signed by the most senior person in that organization
- Confirmation that the necessary finance will be provided to deliver the proposed exhibition
- Confirmation of support from national government (Class A1 only)

The relevant financial guarantee must be paid to AIPH 30 days prior to the AIPH meeting where the application will be considered or before an AIPH Site Inspection, whichever is sooner.

The documents will be circulated to all AIPH members prior to the next Marketing & Exhibitions Committee and General meeting.

The applicant will be invited to make a presentation of the application during the meeting of the AIPH Marketing & Exhibitions Committee.

Section 5 Approval

AIPH will consider the application in closed session and inform the applicant of the decision at the earliest opportunity. The General Meeting is entitled to grant approval subject to conditions.

In the event that there is competition for a particular time period for hosting an exhibition AIPH will reach a judgement on the matter.

For Class A1 World Horticultural Exhibitions it is also necessary to gain recognition from the BIE (www.bie-paris.org). AIPH approval is required prior to making an application to BIE.

Section 6 Reporting to AIPH

Class A1 and B Exhibitions

Following approval from AIPH, organisers are required to verbally report progress to AIPH meetings and field questions from members. Reports must be presented in English. The frequency of reports required will be specified by the AIPH Secretariat General but will be at least once per year following approval.

During the four years prior to an A1 and B Class exhibition organisers will be subject to the following on-site inspections:

Four years before opening of exhibition

- One on site visit by AIPH inspector(s) – See Annex I for ‘4 years before’ inspection

Three years before opening of exhibition

- One on-site visit by AIPH inspector(s) – See Annex II for ‘3 years before’ inspection

Two years before opening of exhibition

- One on-site visit by AIPH inspector(s) – See Annex III for ‘2 years before’ inspection

One year before opening of exhibition

- One on-site visit by AIPH inspector(s) – See Annex IV for ‘1 year before’ inspection

The number of inspectors within the AIPH inspection team will be determined by AIPH but will normally be two. Following each inspection a report will be produced by the AIPH inspector. This report will be made available to the organisers and to AIPH Full Members.

AIPH reserves the right to require more frequent inspections if non-conformities are identified during an annual inspection or if requested by the organiser.

Organisers are required to provide, at their cost, the following for up to two AIPH inspectors per visit:

- Hotel accommodation
- Food and drink
- Transportation from point of arrival for the duration of the visit

In addition organisers are required to cover the cost of:

- Travel costs for the inspectors from their home destination. This includes flight costs (minimum of ‘premium economy / economy plus’ for flights over six hours), rail travel and car mileage depending on the form of transport.

For any additional inspections required beyond the annual inspections (at request of AIPH or the organiser) then an additional fee per day will be required to cover the additional time cost. Fees will be specified by Secretariat General.

Class C and D Exhibitions

Following approval from AIPH, organisers are required to verbally report progress to AIPH meetings and field questions from members. Reports must be presented in English. The frequency of reports required will be specified by the AIPH Secretariat General but will be at least once per year following approval.

Class C and D exhibitions will not automatically require an on-site inspection in advance of the exhibition. However, AIPH reserves the right to do so in the following circumstances:

- Concerns about progress
- If a complaint is raised by a member of AIPH
- If requested by the organiser
- If the exhibition is new and has never been run before

When an inspection is required then organisers are required to provide, at their cost, the following for up to two AIPH inspectors per visit:

- Hotel accommodation
- Food and drink
- Transportation from point of arrival for the duration of the visit

In addition organisers are required to cover the cost of:

- Travel costs for the inspectors from their home destination. This includes flight costs (minimum of 'premium economy / economy plus' for flights over six hours), rail travel and car mileage depending on the form of transport.

For any additional inspections required beyond the annual inspections (at request of AIPH or the organiser) then an additional fee per day will be required to cover the additional time cost. Fees will be specified by Secretariat General.

Final Reports

Exhibition organisers are required to submit a final report to the AIPH Secretariat within 90 days of the closing of the exhibition. The report must include the points outlined in Annex V.

Section 7 Sanctions

If, after approval has been granted to an exhibition by AIPH, it transpires that the organizers have not respected the provisions of the regulations, or have respected them only partially, the approval will be withdrawn, and all members of AIPH will be informed of this decision.

In the event that inspection visits highlight serious concerns that could prevent the organisers from achieving the quality of exhibition required by AIPH or if the exhibition fails to meet other obligations to AIPH then AIPH reserves the right to withdraw its approval of the exhibition.

Any decision to withdraw approval would require majority approval by the AIPH General Meeting.

In the event that approval is withdrawn there would be no reimbursement of any of the financial guarantee and the organisers would be liable to pay to AIPH the full gate fee payment as agreed at the original approval.

When approval is withdrawn the exhibition must remove all reference to AIPH in any communication relating to the event.

For Class A1 exhibitions then AIPH would inform BIE of its decision.

Section 9 Fees

Financial Guarantee:

Applicants for recognition of an exhibition by AIPH are obliged to pay a financial guarantee to AIPH directly as the application is submitted, AIPH will send an invoice to the organization that applies for AIPH approval.

Provided that the organizers have fulfilled all their obligations, including the submission of a final report (format as in Appendix V) not later than ninety days after the closing date, AIPH will refund the following proportion of the financial guarantee:

Class A1: € 100,000

Class B: € 60,000

Class C: € 6,000

Class D: € 12,500

If an application is not accepted by AIPH, or if within one year of definitive recognition the application is withdrawn, 20% of the financial guarantee will be repaid by AIPH. If an application is withdrawn more than one year after definitive approval, AIPH will retain the whole financial guarantee.

License Fee:

For all exhibitions, the organizers are bound to pay to AIPH the specified license fee (See section 3).

When a specified gate income is exceeded then an additional gate fee charge is payable.

Expo Class	Financial Guarantee	License Fee (Euros)	Gate Fee
A1	€150,000	€400,000	1% on all gate income above €40,000,000

Penalties:

In the event that any payment is not made by the due date then interest will be charged on outstanding debts. As AIPH finances operate from the United Kingdom the interest rate applied will be in accordance with the 2002 amendment to the UK Late Payment of Commercial Debts (Interest) Act 1998. This entitles AIPH to charge an 8% interest rate plus the Bank of England Base Rate. The interest charged will be the sum of these two interest rates.

Section 10 Use of AIPH Brand

AIPH encourages the use of the AIPH brand in association with the promotion and endorsement of exhibitions. Organisers are required to follow the AIPH Brand Use Rules as outlined in Annex VI.

As a minimum the AIPH brand must be used as follows:

- In all promotional material produced for the exhibition
- On the exhibition website, including link to AIPH website
- On information provided to exhibitors
- On media releases
- Visible at exhibition entrances
- On exhibition entry tickets
- On a flag displayed

The AIPH brand can be used on merchandise sold from the exhibition. In this case all uses must obtain prior approval from the AIPH Secretariat and may be subject to a royalty charge.

Section 11 Exhibition Requirements

11.1 – Opening and Closing Ceremonies

All exhibitions are required to have an opening ceremony. Class A1 and B exhibitions are also required to have a closing ceremony. Organisers must allow for a speech from an AIPH representative during these ceremonies. AIPH undertakes to provide a representative to make a speech in English. The speech will be delivered by the AIPH Secretary General, the AIPH President or an alternative senior AIPH office holder. AIPH Prizes can also be presented during these ceremonies.

Organisers are required to provide, at their cost, the following for the AIPH officer delivering the speech:

- Hotel accommodation
- Food and drink
- Transportation from point of arrival for the duration of the visit

In addition organisers are required to cover the cost of:

- Travel costs from their home destination. This includes flight costs (minimum of 'premium economy / economy plus' for flights over six hours), rail travel and car mileage depending on the form of transport.

11.2 – International Participation

Participants from all countries should be allowed to participate in an international horticultural exhibition under the same conditions in order to permit an unprejudiced comparison between the products of the different countries.

To that end it is necessary that the products of foreign participants can be exhibited as unhindered by measures and restrictions of customs and phytosanitary rules as products from the organizing country. Products to be displayed should be allowed at the exhibition in their original state (e.g. kind and form of the products, substrates, container growth, varieties and species) and there must be no discrimination between participants from the host country and foreign participants in the international section of an exhibition.

The AIPH member associations should support only those horticultural exhibitions or shows of a specialized horticultural nature which have been recognized by the General Meeting of AIPH after consultation with the AIPH Marketing Committee. In the event of a conflict between exhibitions, AIPH members are obliged to give preference to participation in the exhibition recognized by AIPH.

In each country/region where an exhibition is planned, there must be one organization or committee responsible for the participation in an international horticultural exhibition.

This should be the function of an AIPH member organization. If the member organization adopts other arrangements, AIPH must be informed.

All exhibitors must be approved by a Committee established by the organizer. This can include the AIPH member (where there is one) from the country which wishes to participate in an international horticultural exhibition. It will be possible in this manner to prevent particular undesirable exhibitors from participating in an international horticultural exhibition.

Exhibitions which have been registered with the BIE should only admit or reject foreign exhibitors with the approval of the Commissioner of the Government of the country concerned.

International horticultural exhibitions which have been recognized by AIPH must set up a committee consisting of one delegate from each of the participating countries. The function of committee is to ensure the equal observance of the rights and duties of exhibitors and they should be enabled, in an advisory capacity, to assist the organizers of exhibitions in laying down the conditions for exhibiting and for the regulation of the award of the prizes.

Reimbursement of travel and lodging costs of delegates (travel tickets, hotel costs, subsistence etc.) is the responsibility of member organizations or the organizing committees in the various countries.

11.3 – Competitions

Competitions are an important component of horticultural exhibitions. They stimulate the interest of both participants and visitors; they provide incentive for exhibitors and enable organizers to reward excellence.

Organizers of international horticultural exhibitions are therefore required to include competitions in their events, to make efficient arrangements for their judging and to award appropriate prizes to those whose exhibits are of exceptional quality. Organizers are required to provide information about these aspects when answering the application questionnaire and their response will be taken into account in the review procedure. However, AIPH recognizes that arrangements for these activities will differ between exhibitions. Therefore recommendations have been prepared for the guidance of organizers (Annex VII).

The organizers are obliged to send to the AIPH secretariat details of the regulations relating to their competitions not later than one year prior to the opening of the exhibition concerned. AIPH will respond with required amendments within one month of submitting the regulations. Organizers are required to accept the amendments requested.

The organizers must guarantee that all exhibitors who participate in an international exhibition will be entitled, without discrimination of nationality, to participate in all the competitions which are organized by the organizing committee and to be eligible for prizes awarded by this committee.

An international jury is to be organized as outlined in Section 8 and procedures for dealing with jury members are outlined in Annex VII. Organizers are required to make practical and travel arrangements for the international jury.

Organisers are required to provide, at their cost (with exception of costs covered by AIPH as outlined in Section 8), the following for international jury members:

- Hotel accommodation
- Food and drink
- Transportation from point of arrival for the duration of the visit

In addition organisers are required to cover the cost of:

- Travel costs from their home destination. This includes flight costs (minimum of 'premium economy / economy plus' for flights over six hours), rail travel and car mileage depending on the form of transport.

11.4 – Obligations to participants

The organizers must notify the conditions for participation, and submit them in the English language to AIPH for approval:

- at least three years before the opening date of an A1 exhibition for outdoor exhibitions;
- at least two years before the opening date of an A1 exhibition for indoor exhibitions;
- at least one year before the opening of B, C and D Class exhibitions.

11.4.1 – Transport Costs (Class A1, B and C)

The organizers shall undertake to contribute to the costs of two-way transport of plants and materials necessary for the building of the stands.

The minimum contribution to these costs shall be reimbursement of the two-way trip from the national border (customs post, port, airport) to the location of the exhibition.

These costs are calculated on the basis of transport rates applicable in the host country.

No payment shall be due for the return leg of the journey:

- for cut flowers;
- if the plants on the exhibition stand are sold in the country where the exhibition is taking place.

11.4.2 – Customs Formalities (Class A1, B and C)

Exemption from customs which is normally granted for exhibitions products must be ensured. Moreover, it is recommended that each country should also endeavor to obtain exemption from custom duties in the country in which the exhibition is held for products exhibited which will be offered free and will remain in that country.

For category A1 exhibition, the possibility of local customs clearance at the exhibition site must be provided.

In any case, for all categories of exhibition, all possible facilities concerning customs clearance must be provided, both for importation and re-exportation.

11.4.3 – Plant Health (Class A1, B)

The organizers of the exhibition must guarantee three years before the start of Class A1 and B exhibitions (1 year for Class C and D) that measures are in place with the plant health authorities to minimize problems for participants and that clear guidance has been provided to participants to ensure they can comply with national phytosanitary rules.

Phytosanitary checks must be made without causing loss of time, preferably on the exhibition site.

11.4.4 – Stand Equipment and Staging (Class A1, B and C only)

The exhibition hall and grounds must be made available to the collective and individual country exhibitor without charge. The organizers of the exhibition must supply at no cost the materials which are necessary for exhibition purposes (substrate, soil, water, electricity, wi-fi, etc.) in the stand or the exhibition ground. If it is necessary to heat exhibition halls to 20-22 degrees centigrade then this must be provided at no charge.

These conditions must also be applicable to personnel employed for heavy work and made available by the organizers. The costs of the personnel employed in the erection and finishing off of stands or the preparation of the exhibition area can be paid by the exhibitors.

For a short term exhibition, the maintenance during the exhibition of products exhibited in exhibition halls is the responsibility of the exhibitor.

However, in the case of products exhibited in the open and in the case of long term exhibitions in halls, their maintenance and care are the responsibility of the organizers.

11.4.5 – Insurance

Organizers of and exhibitors at international horticultural exhibitions must take out an insurance for civil liability.

11.4.6 – Financial compensation (Class A1, B and C only)

Organizers are required reduce the cost of exhibiting for participants. This can be done either by contributing to the cost of construction and maintenance or offering money prizes.

Overall amount of money prizes

Organizers who decide to award money prizes must consult the AIPH Secretariat on the overall value of money prizes to be awarded for an exhibition.

11.4.7 – Advertising other exhibitions

The organizers of AIPH registered exhibitions must allow the organizers of other AIPH registered exhibitions to place advertising signs in the stand of their country, or in the immediate vicinity of their stand.

The scale and content of such advertising/information should be agreed between the organizer and the exhibitor.

In the absence of the country where an exhibition being promoted is to take place, the organizers shall provide space for advertising, in a place which is accessible to the public.

Any costs in connection with such advertising will be met by the exhibition arranging it.

11.4.8 – Promotion

The exhibition is required to provide information for the international media relating to the exhibition and to enable it to be promoted worldwide. There must be a clear media contact point with information available in appropriate languages, including English.

11.4.9 – Exhibition Regulations for Participants

The organizer of an international exhibition has to inform the international exhibitors about the rules and regulations of working permits.

Section 12 Rules for Participation

12.1 – Sponsorship

All participants in AIPH recognized exhibitions shall be free to negotiate financial and other support from third parties, provided that support is permissible under the legislation of the host country and, in the case of BIE recognized events, complies with that organization's requirements.

Organizers of all exhibitions recognized by AIPH shall include in their conditions for participation full details of any restrictions which will apply to the display of advertisements, the distribution of literature and any other activities intended to promote products and services other than those exhibited by the participant.

These conditions shall permit participants to promote such products and services but the organizers are entitled to limit the inclusion of or reference to them to a maximum of 5% of the total surface area of the exhibit itself.

As far as publicity is made within the exhibition, sponsorship agreements concluded by exhibitors may not be conflicting with the sponsorship interests of the organizer of the exhibition nor with the image of the exhibition.

On collective country exhibits of exhibitions the sale of national products which might be in conflict with agreements of the organizer made with sponsors must be allowed.

12.2 – Commercial activities

Retail sales on the stand are permitted. However, these must not exceed 20% of the total covered area of the exhibit or 100 m², whichever is the smallest area. For stands that are larger than 2000 m² then the area allocated for retail sales should be determined through negotiation between organizer and exhibitor. Any product sold should be related to the exhibit and linked with the exhibiting country and in a way that supports the objectives of the exhibit.

With a view to distribution of commercial information, an information area can be made available ONLY FOR THE TRADE in the NATIONAL stands (stands representing countries, or regions if the country itself is not taking part, or of communities which are representing a country).

An information area is only allowed on national stands with a minimum area of 500 m² (or when 500 m² was requested but not granted).

The maximum area of this information area: 100 m² to be set up and incorporated in the stand in such a way that it is not “visible” to the general public.

The form, layout and design of the information stand must be submitted to the organizers for approval.

The cost of setting up an information stand will be met by the exhibitor.

12.3 – Commercial contact days

In order to improve the commercial appeal of Class A1 and B exhibitions, the organizers must make it possible for participants to organize commercial contact days.

Section 13 Managing disputes

Disputes between organizers and participants must be submitted to a disputes committee.

For A1 exhibitions, this committee shall consist of the commissioners general of the participating countries – for other exhibitions this committee shall be composed of representatives of the organizers, of the participating countries, and AIPH.
