Al Hamdolilah, today Horticultural Society of Pakistan completed its 70 (seventy years), the sapling planted in 1948 is now a huge big tree with several branches in all over the country. In these seventy golden years of HSP members worked hard to promote the cause of horticulture particularly in city and in general in the country. At this historical moments we never forget our founder and senior members; Mr A K Khan, Sir Harold Shoobert, Mr Abdus Sattar Pirzada, Pir Mahfooz Ali, Begum Atiya Faizi, Mrs Soopariwala, Mr Badruddin Ahmed, Mr S H M Zaid, Mr M A Futehally, Mr Faiz A Ali, Surgeon A Rahim, Dr S Z Hasnain, Brig S A Kermani, Mr Mahmood Ali, etc.

Auditor's Responsibilities

for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and asses the risks of material misstatement of the financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Horticultural Society of Pakistan's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management Committee use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Horticultural Society of Pakistan, Karachi to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

HORTICULTURAL SOCIETY OF PAKISTAN
70th Annual Report 2018 – 2019

It's a momentous occasion for me that I am presenting the 70th annual report of the Horticultural Society of Pakistan. HSP was founded in 1948 by late Mr A K Khan with the support of Sir Harold Shoobert, Mr Abdus Sattar Pirzada, Pir Mahfooz Ali, Begum Atiya Faizi, Mrs Soopariwala, Mr Badruddin Ahmed, Mr S H M Zaidi and other lovers of nature to promote the cause of horticulture particularly in this city and in the country. Al Hamdolilah when we look back we have a long list of HSP's achievements and rich history left by our senior members like organizing Flower show since 1950, Chrysanthemum shows, gardening classes for educated ladies, gents and gardeners in early sixties, holding seminars, workshops, providing technical support to various government, defence establishments and other private bodies., acquire land for establishment of botanical garden, construction of tissue culture laboratory, etc. Some of our members complaint that we don't add any new thing in HSP and for some extent its true but the reason is that unfortunately we are losing devoted members at rapid pace! We noticed that our members 100% turn over in flower shows and rest of the year is declining. I take this opportunity to request all the esteemed members to kindly send us your suggestions in writing or through e mail as to how to improve our activities and to create interest which attracts the general public. Forming HSP's youth group in the name of The Tree Club, talk shows in interesting topics, holding awareness programs schools, colleges and in universities and top of all some of our ladies excel in floral arrangements internationally is a great achievement of HSP and this showed carrying torch of the seniors. Therefore, all is not gloom but we must work together as a one team with full dedication and devotion like our pioneers.

TREE PLANTATION CAMPAIGN

A youth group of HSP, "The Tree Club" planted some trees in this monsoon season in Baldia, Banaras and at Metrovil in Batithak School under the supervision of HSP plantation team. This year we provided technical support through Mr Salman Khan, Mr Adnan Asdar and Mr M Aslam to a multinational group, M/s E Dotco a Pak-Malaysian company in their plantation campaigns in Karachi, Hyderabad, Faisalabad & Lahore. They planted over 4,000 trees. Another member Mr Rafi ul Haque on behalf of HSP also provided technical support in plantation of Mangroves to Karachi Relief Trust.

HORTICULTURAL COMPLEX & BOTANICAL GARDEN RASHID MINHAS ROAD

Despite of letters sent to President & Prime Minister of Pakistan there is no action. However our letter to Chief Justice of Pakistan Mr Justice Asif Saeed Khosa and to senior Judge Supreme Court of Pakistan Mr Justice Gulzar Ahmed our case was accepted by three Judges bench

consisting of Mr Justice Gulzar Ahmed, Mr Justice Sajjad Ali Shah & Mr Justice Faisal Arab. From HSP Mr Salman Khan and Mr Naeem ur Rehman with Advocate Mr Saifuddin attended the hearing. The Supreme Court clipped our constitutional petition with former city Nazim, Mr Naimatullah Khan's petition on over 150 parks illegally occupied by MQM.

BOTANICAL GARDEN RACE COURSE GROUND

No change in status as of last year.

HSP/DHA GARDEN CENTRE

We are trying to get extension in our Garden Center lease from DHA which will expire next year in September 2020.

LIBRARY

More new books donated by our members. About hundreds of beautiful books were donated by our senior member Mr Mesbahuddin Jamillee later who died. May Allah swt bless his soul, Ameen. We now have good collection of books on horticulture, gardening, landscape, etc.

TALK SHOWS & ACTIVITIES

Unfortunately this year we were able to hold just two talk shows one on "Climate Change" by Arch M Ashraf Shanjer during his visit to Pakistan. The talk was very informative and a large numbers of members attended the event. The other talk was given by Mr Rafi ul Haque on Mangroves.

FLOWER SHOW WORK SHOP

The workshop for Garden Judges was well attended. The workshop was ably conducted by Mrs Naushaba Khalil of Head Flower Show Judges Committee.

ANNUAL SEEDLINGS

As previous under the guidance of General Jehanzeb Arbab seedlings were sold from garden center on very nominal prices. However unfortunately the response from members was not very encouraging.

ADVISORY SERVICES

HSP senior members time to time gave technical services on Horticulture and Tree Plantation. This unique service benefitted to many government and private organizations and individuals. The HSP team consist of Cdre M Ashfaque Beg, Mr Salman Khan, Dr Farhat Agha, Dr M Afzal Rizvi, Mr Rafi ul Haque, Mr Chaudhry M Jamil available at the garden center almost daily or by appointment to help members and others as gratis.

TISSUE CULTURE LABORATORY

The work to start the tissue culture lab was completed and we are looking for private partner to join hands with HSP. As informed last year the major expense is the cost of electricity which will be in six figures. Secondly as informed above that we are waiting for extension of Garden Center lease by DHA authorities.

We conducted our audit in accordance with the International Standards of Auditing (ISAs) as applicable in Pakistan. Our responsibility under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Horticultural Society of Pakistan in accordance with the International Ethics Standard Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Auditor's Responsibilities

for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and asses the risks of material misstatement of the financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Horticultural Society of Pakistan's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management Committee use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Horticultural Society of Pakistan, Karachi to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
