Annex V - Final Report on International Horticultural Exhibitions Approved by AIPH

Requirements This Annex is an integral part of the Regulations and contains contractual requirements to the Expo Organizer.

Exhibition organiser is required to write a Final Report and fill in the Valuation Questionnaire 1 and send them to AIPH Secretariat general within ninety days of the closure of the event as a digital file (i.e. PDF). Final report is a public document that can be shared electronically and placed onto the AIPH website. Valuation Questionnaires 1 and 2 are for the attention of AIPH Secretariat.

The Final Report shall be presented at the following AIPH Meeting or Conference.

The Valuation Questionnaires will be required to be filled in twice: within ninety days of the closure of the event and three years after the closure of the event.

Purpose The objective of the Final Report & the Valuation Questionnaires is to provide a summary of the realization and execution of the International Horticultural Exhibition. The Final Report serves as accountability report for the stakeholders of the Expo. It should allow to:

- Provide information for future Expo organizers that will be useful in preparation, planning and running of their Expos
- Help future Expo organizers identify potential Expo impacts and legacy to maximize the Expo benefits for the host city and country
- Create a comparable benchmark across future Expos and measure the Expo benefits in the most accurate way possible, while taking into account local specificities and the individual nature of each Expo

Contents This Annex contains further guidance on **methodology** and **deliverables** of:

- the Final Report
- the Valuation Questionnaires

1. Final Report

– The following sections must be included in your Final Report. They may, however, have different titles and order, cover more aspects than those specifically requested. Providing your Final Report, you certify the exactitude of data as per your agreement with AIPH in accordance with the Regulations and Hosting Agreement.

2. Valuation Questionnaires

The Valuation Questionnaire is designed to create a comparable benchmark across future Expos and measure long-lasting Expo benefits that go beyond aspects covered in the final report and spanning farther in time.

Thus, the Expo organizer or their Representative, as outlined in the Expo Legacy Plan, will be required to fill in the Questionnaire 1: **90 days after the Expo closure** and the Questionnaire 2: **three years after the Expo closure**.

The Valuation Questionnaires will allow Expo organizers and their stakeholders to have an overall vision of the possible Expo impacts and legacy to maximize the Expo benefits for the host city and country. The results of these questionnaires shared with future Expo organizers will offer a means of evaluating the effects of certain decisions and adjust those for the future Expos.

The Valuation questionnaires provide a list of questions in an attempt to measure the **7 key Expo Impact areas**:

1. **Economic Impact**
2. **Enhancing Reputation**
3. **Sustainability**
4. **Developing Cities**
5. **Driving Tourism**
6. **Education and Inspiration**
7. **Institutional Capacity Legacy**

The Expo Organizer must submit the most accurate data in this report and if necessary, contract a research party who would be objective and impartial.

Valuation Questionnaire 1,

within 90 days after the Expo closure

– Please answer the questions in the most accurate manner. By filling in this questionnaire, you certify the exactitude of provided data as per your agreement with AIPH in accordance with the Regulations and Hosting Agreement.

For all local currencies used, please provide an equivalent in USD.

For year calculation,

Before the Expo: count all calendar years (January to December) before the opening date

After the Expo: count all calendar years (January to December) after the closure date

Annex VII – Competition Guidelines

See also AIPH Template for Competitions

COMPETITIONS, JUDGING AND AWARDS

Competitions:

1. All participants / exhibitors should have the opportunity to participate in the competitions and be eligible for awards.
2. Competitive classes should provide for the assessment of whole exhibits, groups of plants and individual plants.
3. Whole exhibits, permanent gardens / stands should participate in the competitions obligatory on the basis of the participation contract without further registration.
4. The participants / exhibitors should be invited to participate in the product competitions / sub-categories three month before the opening of the exhibition.
5. A schedule of all competitive classes should be made available to judges before they assemble for the judging process; when they do so, they will also receive full details of the exhibits which they are to judge.
6. Detailed Competition Regulations must be made available one year before the opening of the exhibition. The Competition Regulations describe the competitive classes, the competition calendar, the registration, the judging criteria, the awards and prizes and the award ceremonies. Support for writing the Competition Regulations as well as example lists concerning the competitive classes is available from AIPH.

Judging:

1. The organizer has to ensure that arrangements for the judging of exhibits are prepared well in advance of the exhibition's opening.
2. Members of juries should be appointed at least three months prior to the judging itself. A list of these members must be sent to the secretariat of AIPH three months prior to the judging.
3. In accordance with Section 8 of the AIPH Regulations the organizer of a category A1 exhibition should appoint an International Honorary Jury (or Grand Jury); this should have a membership of at least 7, with the chairman and a majority of members drawn from outside the host country. At least two members are to be nominated by the executive committee of AIPH. While the appointment of some distinguished persons who are not horticulturalists is acceptable, organizers must ensure that the Jury of Honor incorporates a high level of horticultural expertise.
4. The Grand Jury is responsible for validating the awards of other juries; it will judge and make awards itself in the principal international classes.
5. Other classes at category A1 exhibitions will be judged by juries of not less than three members, some of whom will be drawn from all the countries participating in the exhibition. These juries will be composed solely of horticulturalists expert in the classes which they judge.
6. In the case of category A1 events, the Grand Jury and other expert-juries responsible for awards to permanent exhibits should meet at least three times during the exhibition; for B

events the juries should meet at least two times during the exhibition. Their final decisions will take account of performance throughout the event.

7. Exhibits at temporary shows held within such exhibitions should be judged separately, by juries of not less than five members who must complete their judging prior to the opening of the show.
8. In case of a B, C or D exhibition, the International Honorary Jury will perform the judging as specified in Section 8 of the AIPH Regulations. The judging process must be completed with the last evaluation; information on the awards made should also be displayed by this time.
9. For Sub-Categories or Product Competitions expert juries of a least three members with product specific knowledge will judge these categories.
10. Each member of a jury shall have one vote.
11. Organizers may appoint panels of technical experts to advise juries, although these experts will not have voting powers.
12. Documents distributed to juries and forming part of the judging process should be available preferably in the languages of the judges involved but at least in English language.
13. Any dispute arising during or as a result of the judging process will be resolved by the Grand Jury at category A1 events and by the senior jury appointed at other exhibitions.

Awards:

1. Full details of the prizes to be awarded should be made available to prospective participants not later than six months prior to the opening of the exhibition.
2. Each competitive class should have allocated to it at least three awards but juries may, at their discretion, present more (or less) if the quality of exhibits merits this.
3. In the case of Category A exhibitions, prizes will be awarded by the Grand Jury to the principal exhibits of both the host country and foreign participants. A certain number of such prizes shall be reserved for each of these two categories; exhibits from any one country shall not receive more than one premier award.
4. Exhibitors who are awarded prizes should be notified formally by the organizers of their success as soon as possible; the timing of the presentation of such prizes shall be at their discretion.
5. The total number and value of prizes available shall be determined by the organizers, although information on this aspect is requested in the enclosed questionnaire and will be taken into account in the review process.

PROCEDURE AND CRITERIA TO AWARD THE AIPH INTERNATIONAL HONORARY AWARD FOR A1 AND B EXHIBITIONS

The following describes the procedure and criteria to award the AIPH International Honorary Award to be given to the winners of the competitions in A1 and B exhibitions registered by AIPH, according to Section 8 of the AIPH regulations on exhibitions.

Procedure:

1. The Honorary Jury (or Grand Jury) will decide about the winner of the AIPH award and prize. They will conclude after the last jury round, just prior to the closing of an exhibition.
2. Both indoor and outdoor international participants will compete for the AIPH prize.
3. The trophy will be awarded to one winner.

Criteria:

1. The garden/presentation should in its design be innovative or exemplary for the participants' typical national garden design.
2. The garden/presentation should contribute to the promotion of the 'Green city' concept.
3. The garden/presentation should be of high quality in material and plants used:
 - a) general design and overall impression;
 - b) uniqueness and innovative or creative level;
 - c) consistency of the realization with the presented theme of the entry;
 - d) used materials and used plants (variety and quality);
 - e) usability for home gardening or urban greening.
 - f) for the second and third round the maintenance and sustainability of the design, construction and materials used are taken into account.

Annex VIII – Fees and Guarantees

Financial Guarantee:

Applicants for recognition of an exhibition by AIPH are obliged to provide a financial bank guarantee or payment to AIPH directly as the application is submitted or before the site inspection, whichever is soonest, in the amount of €100,000 (one hundred thousand euro).), in case the application is supported by a Full Member Organization of AIPH in the country where the exhibition will be held, or of €200,000 (two hundred thousand euro), in case there is no Full Member Organization of AIPH from that country. AIPH reserves the right not to consider any application submitted without this guarantee.

Provided that the Expo Organizer has fulfilled all their obligations, including the submission of a final report (format as in Appendix V) not later than ninety days after the closing date, AIPH will refund the following proportion of the financial guarantee to the organiser: € 30,000 (thirty thousand euros).

Provided that the AIPH Member (that supported the original application) completes a report to review the Expo (in accordance with AIPH guidelines) within one year of the Closing of the Expo the following proportion of the financial guarantee will be paid to the AIPH Member one year after the Closing of the Expo: €30,000 (thirty thousand euros). These sums are inclusive of any applicable taxes.

In case where an Expo is approved without the presence of Full member Organization of AIPH from that country, and provided that the Expo Organizer has fulfilled all their obligations, including the submission of a final report (format as in Appendix V) not later than ninety days after the closing date, AIPH will refund the following proportion of the financial guarantee to the organiser: €66 000 (sixty-six thousand euros).

If an application is not accepted by AIPH, or if within one year of definitive recognition the application is withdrawn, 20% of the financial guarantee will be repaid by AIPH. If an application is withdrawn more than one year after definitive approval, AIPH will retain the whole financial guarantee.

License Fee:

For all exhibitions, the Expo Organizer is bound to pay to AIPH the specified license fee (See section 3). The fee structure incentivises early bid submission and reflects the increased risk and monitoring required for later approved Expos:

10-7 years before opening: €350,000

6-4 years before opening: €375,000

3 years before opening: €400,000

Less than 3 years before opening: €450,000

Payment of the license fee starts from 3 years ahead of the opening of the exhibition for B Class exhibitions and is due for payment by the following times:

- 3 years before opening: 34% of total fee

- 2 years before opening: 33% of total fee
- 1 year before opening: remaining 33% of total fee

Fees are non-refundable, including for cancellation of the Exhibition and withdrawal of AIPH approval.

Gate Fee:

In the event that a B Exhibition collects a gate income that exceeds €40,000,000 (forty million euro) then any income above this will be subject to a 1% gate fee charge payable to AIPH within ninety days of the closing ceremony.

AIPH requires a declaration by an independent financial auditor, approved by a professional body, regarding the gate income collected by the Expo and the relevant payment to AIPH.

AIPH is registered for Value Added Tax (VAT) in the United Kingdom. Payment should be made following receipt of invoice which will include the addition of UK VAT for exhibitions organised in the European Union.

Penalties:

In the event that any payment is not made by the due date then interest will be charged on outstanding debts. As AIPH finances operate from the United Kingdom the interest rate applied will be in accordance with the 2002 amendment to the UK Late Payment of Commercial Debts (Interest) Act 1998. This entitles AIPH to charge an 8% interest rate plus the Bank of England Base Rate. The interest charged will be the sum of these two interest rates.
