The role of AIPH is to ensure expos are successful through a defined approval and monitoring process and through regulating the number of permitted expos.

Successful expos will:

- Bring together horticultural excellence from different countries to promote the best knowledge and practice from all over the world and to celebrate cultural and horticultural diversity.
- Promote productivity and international co-operation in professional horticulture

Section 5 Application Process

5.1 Application process

Application for AIPH recognition must be supported by a Full Member organization of AIPH in the country where the exhibition will be held.

In the case of a country where there is no Full Member of AIPH an application can be submitted without the support of a Full Member of AIPH but the financial guarantee will be increased by 100% and AIPH may require further investigative work which will be at the cost of the applicant.

The application must be submitted to the Secretariat General of AIPH at least 6 weeks prior to the next AIPH Exhibitions Committee and General Meeting. The Secretariat General reserves the right not to put forward for approval any application received later than this.

An application will consist of the following documents:

- AIPH questionnaire
- Feasibility study (see Annex VIII for the list of items to be covered)

- AIPH Site inspection report (provided by AIPH within 6 weeks of inspection)
- Formal letter of support from the AIPH member (if applicable)
- Formal letter of support from the host city/region
- Formal letter requesting approval from the organization or authority making the application. This should be signed by the most senior person in that organization
- Confirmation that the necessary finance will be provided to deliver the proposed exhibition

The relevant financial guarantee must be paid to AIPH 30 days prior to the AIPH meeting where the application will be considered or before an AIPH Site Inspection, whichever is sooner.

The documents will be circulated to all AIPH members prior to the next Exhibitions Committee and General meeting.

The applicant will be invited to make a presentation of the application during the meeting of the AIPH Exhibitions Committee.

5.2 Site inspection prior to approval

The first site inspection should be organized at least 6 weeks prior to the next AIPH Exhibitions Committee and General Meeting.

The number of inspectors within the AIPH inspection team will be determined by AIPH. Following the first inspection a report will be produced by the AIPH inspection team. This report will be made available to the organisers and to AIPH Members.

Organisers are required to provide, at their cost, the following for up to five AIPH inspectors per visit:

- Hotel accommodation
- Food and drink
- Transportation from point of arrival for the duration of the visit

In addition, organisers are required to cover the cost of:

- Travel costs for the inspectors from their home destination. This includes flight costs (minimum of business class for flights over four hours), rail travel and car mileage depending on the form of transport.
- Visa-related expenses for inspectors, including transport to the closest visa centre, visa and consular fees
- Vaccinations for the inspectors if recommended or mandatory

Section 6 Approval

AIPH will consider the application in closed session and inform the applicant of the decision at the earliest opportunity. The General Meeting is entitled to grant approval subject to conditions.

In the event that there is competition for a particular time period for hosting an exhibition AIPH will reach a judgement on the matter, with the General Meeting deciding which applicant shall be granted approval.

In arriving at its decision AIPH shall take into account the considerations put forward and, in particular, any special reasons of an historical or ethical nature, the period which has elapsed since the last exhibition, and the number of displays already organised by the competing countries. Except in exceptional circumstances AIPH shall give preference to an exhibition organised in the territory of an AIPH member.

The opening and closing dates of an exhibition and its general features shall be laid down at the time of approval and may be changed only with the agreement of AIPH.

An applicant which has been granted the approval of an exhibition shall lose all rights arising from the approval if it changes the date reserved for the exhibition, except if the General Meeting of AIPH provides the authorization for a change of opening or closing dates of an exhibition. If an applicant wishes to organise the exhibition at another date, the applicant concerned shall make a fresh application.

Approval remains provisional (not full approval) until the following aspects have been completed:

- AIPH has received full payment of the Financial Guarantee
- Contract is signed between AIPH and the Organiser. The Expo contract must be signed within 3 months of AIPH's provision of contract.
- Any other conditions have been satisfied.

Section 7 Gifts

No valuable (exceeding 100 euros or equivalent) gifts or gratuities may be given to or accepted/received by AIPH Members, staff or representatives from Exhibition applicants or organisers or from those representing them. Exempted of this clause are payments to members of an International Honorary Jury, as outlined in Section 9.

Valuable gifts are goods or items of value, cash or cash equivalents, such as cheques, honorariums, money orders, stocks and savings bonds. Gift certificates and gift cards are not considered cash equivalents but are subject to the limitation on common business courtesies.

Gratuities are favours or gifts, usually without any tangible form, which include any free or discounted items or services, such as meals, entertainment event tickets, accommodation or travel expenses, for which payment is normally required.

No advantage or promise of an advantage may be made to or accepted by an AIPH Member, staff or representative.

These restrictions shall be respected by the AIPH Members, staff, representatives, applicants, governments and by all those acting on behalf of or supporting the applicant. The same restrictions apply to the applicants' relations with third parties, in particular the media.

Section 8 Reporting to AIPH

8.1 Evolution of contents of regulations, guides and other directions

Following approval from AIPH, the Expo organiser consents to all terms and conditions set forth in the regulations, guides and other directions from AIPH. The organiser recognizes that whereas the current regulations, guides and other directions which are contained in the regulations and the Expo Contract reflect the current position of AIPH, they may evolve as a result of changes and may be beyond the control of the parties. AIPH reserves the right to amend the regulations, guides and other directions and issue new manuals, guides and directions so that the Expos may be organized in the best possible manner. Amended regulations, guides and other directions will be applicable to all Expos, upcoming and already approved. Should the Expo organiser believe that any such

amendments or new directions may result in changing its financial obligations to AIPH, they should inform AIPH in writing within thirty (30) days of AIPH's issuing of any such amendment, regulation, guide or direction. AIPH and the Expo organizer shall then re-negotiate their initial agreement to address material effects in a mutually satisfactory manner.

8.2 Before the Expo

Following approval from AIPH, organisers are required to verbally report progress to AIPH meetings and field questions from members, including financial information, and other details regarding the planning, organising, financing and running of the Expo, as well as information on Expo legacy, whenever AIPH requests the organisers to do so. Reports must be presented in English. The frequency of reports required will be specified by the AIPH Secretariat General but will be at least once per year following approval.

In the year following AIPH approval, the Expo Organizer must submit a detailed Expo Milestones plan to specify intended dates for all Expo operations. This plan will be reviewed by AIPH and used to check conformity at regular on-site inspections.

Following approval organisers will be subject to regular (at least annual) on-site inspections.

During the four years prior to a B Class exhibition, organisers will be subject to the following on-site inspections:

Four years before opening of exhibition

- One on site visit by AIPH inspector(s) – See Annex I for '4 years before' inspection

Three years before opening of exhibition

- One on-site visit by AIPH inspector(s) – See Annex II for '3 years before' inspection

Two years before opening of exhibition

- One on-site visit by AIPH inspector(s) – See Annex III for '2 years before' inspection

One year before opening of exhibition

- One on-site visit by AIPH inspector(s) – See Annex IV for '1 year before' inspection

The number of inspectors within the AIPH inspection team will be determined by AIPH. Following each inspection, a report will be produced by the AIPH inspection team. This report will be made available to the organisers and to AIPH Members.

AIPH reserves the right to require more frequent inspections if non-conformities are identified during an annual inspection or if requested by the organiser.

Organisers are required to provide, at their cost, the following for up to five AIPH inspectors per visit:

- Hotel accommodation
- Food and drink
- Transportation from point of arrival for the duration of the visit

In addition, organisers are required to cover the cost of:

- Travel costs for the inspectors from their home destination. This includes flight costs (minimum of business class for flights over four hours), rail travel and car mileage depending on the form of transport.
- Visa-related expenses for the inspectors, including transport to the closest visa centre, visa and consular fees
- Vaccinations for the inspectors if recommended or mandatory

For any additional inspections required beyond the annual inspections (at request of AIPH or the organiser) then an additional fee per day will be required to cover the additional time cost. Fees will be specified by Secretariat General.

The organiser will make provision for an AIPH staff member to be present on site during the two months prior to opening to manage relations with international participants. All transport, food, and accommodation costs will be covered by the organiser.

8.3 Final Reports

Exhibition organisers are required to submit a final report to the AIPH Secretariat within 90 days of the closing of the exhibition. The report must include the points outlined in Annex V.

Section 9 Sanctions

If, after approval has been granted to an exhibition by AIPH, it transpires that the Expo Organizer has not respected the provisions of the regulations, the Expo contract or any other requirement or guideline, or have respected them only partially, the approval will be withdrawn, and all members of AIPH will be informed of this decision.

In the event that inspection visits highlight serious concerns that could prevent the organisers from achieving the quality of exhibition required by AIPH or if the exhibition fails to meet other obligations to AIPH then AIPH reserves the right to withdraw its approval of the exhibition.

Any decision to withdraw approval would require majority approval by the AIPH General Meeting.

In the event that approval is withdrawn there would be no reimbursement of any of the financial guarantee and the organisers would be liable to pay to AIPH the full license fee payment as agreed at the original approval.

When approval is withdrawn the exhibition must remove all reference to AIPH in any communication relating to the event.

All invitations to participate in an exhibition shall be sent by the Organiser or associated City Government. AIPH regional members of the invited cities should be notified about the invitation at the same time.

Invitations to organisations of international character shall be sent to them directly.

16.2.2 Obligations to international participants

Participants from all countries should be allowed to participate in an international horticultural exhibition under the same conditions in order to permit an unprejudiced comparison between the products of the different countries.

To that end it is necessary that the products of foreign participants can be exhibited as unhindered by measures and restrictions of customs and phytosanitary rules as products from the organizing country. Products to be displayed should be allowed at the exhibition in their original state (e.g. kind and form of the products, substrates, container growth, varieties and species) and there must be no discrimination between participants from the host country and foreign participants in the international section of an exhibition.

Participants must be informed of time available for construction of their garden/pavilion, including the final point of time they can be on site before opening. The organiser will facilitate full and unimpeded access to participants during this time. No change can be made to this time within four weeks of the opening of the Expo.

The Expo Organizer must notify the conditions for participation, and submit them in the English language to AIPH for approval:

- at least three years before the opening date for outdoor exhibitions;
- at least three years before the opening date for indoor exhibitions;

The organizer of an international exhibition must inform the international exhibitors about the rules and regulations of working permits.

16.2.3 Organiser's status and relationship with AIPH members

The AIPH member associations should support only those horticultural exhibitions or shows of a specialized horticultural nature which have been recognized by the General Meeting of AIPH after consultation with the AIPH Exhibitions Committee. In the event of a conflict between exhibitions, AIPH members are obliged to give preference to participation in the exhibition recognized by AIPH.

16.2.4 Conditions for accepting international participants

All exhibitors must be approved by a Committee established by the organizer. This can include the AIPH member (where there is one) from the country which wishes to participate in an international horticultural exhibition.

16.2.5 Monitoring

International horticultural exhibitions which have been recognized by AIPH must set up a committee consisting of one delegate from each of the participating countries. The function of committee is to ensure the equal observance of the rights and duties of exhibitors and they should be enabled, in an

advisory capacity, to assist the Expo Organizer in laying down the conditions for exhibiting and for the regulation of the award of the prizes.

Reimbursement of travel and lodging costs of delegates (travel tickets, hotel costs, subsistence etc.) is the responsibility of member organizations or the organizing committees in the various countries.

The organizer shall provide AIPH with contact details, following signing of participation contracts, for all international participants so satisfaction can be monitored.

The Organizer will provide a weekly report to AIPH regarding any issues associated with international participants in the final month prior to opening. Prior to this the report will be monthly during the six months prior to opening.

16.3 Competitions

Competitions are an important component of horticultural exhibitions. They stimulate the interest of both participants and visitors; they provide incentive for exhibitors and enable Expo Organizer to reward excellence.

Organizers of international horticultural exhibitions are therefore required to include competitions in their events, to make efficient arrangements for their judging and to award appropriate prizes to those whose exhibits are of exceptional quality. Expo Organizer is required to provide information about these aspects when answering the application questionnaire and their response will be taken into account in the review procedure. However, AIPH recognizes that arrangements for these activities will differ between exhibitions. Therefore, recommendations have been prepared for the guidance of organizers (Annex VII).

Expo Organizer is obliged to send to the AIPH secretariat details of the regulations relating to their competitions not later than one year prior to the opening of the exhibition concerned. AIPH will respond with required amendments within one month of submitting the regulations. Expo Organizer is required to accept the amendments requested.

Expo Organizer must guarantee that all exhibitors who participate in an international exhibition will be entitled, without discrimination of nationality, to participate in all the competitions which are organized by the organizing committee and to be eligible for prizes awarded by this committee.

An international jury is to be organized as outlined in Section 8 and procedures for dealing with jury members are outlined in Annex VII.

16.4 Transport Costs

The Expo Organizer shall undertake to contribute to the costs of two-way transport of plants and materials necessary for the building of the stands.

The minimum contribution to these costs shall be reimbursement of the two-way trip from the national border (customs post, port, airport) to the location of the exhibition.

These costs are calculated on the basis of transport rates applicable in the host country.

No payment shall be due for the return leg of the journey:

- for cut flowers;
- if the plants on the exhibition stand are sold in the country where the exhibition is taking place.

16.5 Customs Formalities

Exemption from customs which is normally granted for exhibitions products must be ensured. Moreover, it is recommended that each country should also endeavor to obtain exemption from custom duties in the country in which the exhibition is held for products exhibited which will be offered free and will remain in that country.

All possible facilities concerning customs clearance must be provided, both for importation and re-exportation.

The organizer of an international exhibition must inform the international exhibitors about the rules and regulations of visas, entry, working permits and importation formalities.

The organizer must submit the arrangements it has made to this effect to AIPH for its written approval, not later than 6 months before such arrangements are due to become effective, and no later than 18 months before the opening of the Expo.

16.6 Plant Health

The Expo Organizer of the exhibition must guarantee three years before the start of Class B exhibitions that measures are in place with the plant health authorities to minimize problems for participants and that clear guidance has been provided to participants to ensure they can comply with national phytosanitary rules.

Phytosanitary checks must be made without causing loss of time, preferably on the exhibition site.

16.7 Stand Equipment and Staging

The exhibition hall and grounds must be made available to the collective and individual country exhibitor without charge. The Expo organizer must supply at no cost the materials which are necessary for exhibition purposes (substrate, soil, water, electricity, wi-fi, etc.) in the stand or the exhibition ground. If it is necessary to heat exhibition halls to 20-22 degrees centigrade then this must be provided at no charge.

These conditions must also be applicable to personnel employed for heavy work and made available by the Expo Organizer. The costs of the personnel employed in the erection and finishing off of stands or the preparation of the exhibition area can be paid by the exhibitors.

For a short term exhibition, taking place during the Expo period at the Expo venue the maintenance during the exhibition of products exhibited in exhibition halls is the responsibility of the exhibitor.

However, in the case of products exhibited in the open and in the case of long term exhibitions in halls, their maintenance and care are the responsibility of the Expo Organizer.
